

# It Could Happen Here, And Probably Does, Every Day In The Week

(Editor's Note: This column, "Too Late to Classify," writes each week by Russell Kay, secretary of the Florida Press Association, and finds itself in a new location this week. You, gentle reader, can figure out for yourself the reason which prompted us to put it in such a conspicuous place.)

## TOO LATE TO CLASSIFY

By Russel Kay

A young editor friend of mine, earnest, sincere and anxious to serve his community and make it

a better place in which to live, recently furnished his editorial talent to pointing out an evil that was doing his town more genuine harm than any other one thing—a growing tendency of its citizens to engage in lies.

Because his message is timely and because it applies equally to your community and mine, I am taking the liberty of reproducing it here, with the permission of its author, and adding concerning it some personal feelings of half-truths and exaggerations about its leading citizens.

"There has been no discrimination in the selection of this chief summer resort. The good mongers have spared none if any, of our foremost families in their ruthless invasion of privacy,

entitling his masterpiece "The Right of Privacy," this country editor said:

"I am at a loss to fathom the reason behind our community's sudden and passionate desire for greater and greater concerningness in its neighbors' half-truths and exaggerations about its leading citizens."

"There has been no discrimination in the selection of this chief summer resort. The good

mongers have spared none if any, of our foremost families in their ruthless invasion of privacy, a man's home is his one retreat from the horrors and fifth he must encounter on the outside; it is his lone fort of privacy remaining in this mad world of ours today. If we invade that castle with his intimations to separate truth from fiction, we destroy our own rights to protection against similar attacks."

"More than ever before houses in the town have been destroyed in the past few months as a direct result of this wave of gossip. Others are tottering on the brink.

"There must be an about face if we are to salvage our own self-respect and integrity. The home life of our neighbor must be guarded if we are to expect our just share of personal privacy."

"We are too slow to act and build and progress. It cannot do so when its residents are spending most of their time speculating as to which of their associates are coming or going, or weighing in their minds the worthiness of their neighbor."

"One good gesture was enough;

"neither condone nor condemn

divorce as an institution. If a man and his wife are not compatible, I am of the sincere belief that they have the right to separate and settle their differences in a calm manner without public interference and speculation."

"An extremist, I am forced to admit, but she certainly hit the nail on the head in some respects."

"Innumerable damage has been wrought locally by gossip, much of which has been spread innocently or even maliciously."

"One of the worse gossip I know

see therein their own reflection.

"In the end, the question is asked, what is it directed at somebody else."

"Unfortunately, however, few see therein their own reflection.

"In the end, the question is asked, what is it directed at somebody else."

**THE EVERGLADES NEWS**

Serving The Vast Okeechobee Farming Area  
Established 1924 Published Every Friday  
Subscription Price \$2.00 Year In Advance

The Everglades News Is Entered at the Post Office  
in Canal Point, Florida, as Second Class Matter.

**Paul Rardin . . . Editor and Publisher**

Mulberry versus Blue Devils tonight.

Several days of sunshine this week. And Glades farmers are happy.

Do your Christmas shopping early! It's less than three months until Santa's annual visit!

October 10—with favorable weather between now and then—should bring the first shipments of green snap beans.

According to advice from those who know—the week ending October 26 should bring heavy shipments of beans from this area. Packing houses should be running part time by then.

With a great deal of extra expense this season, members of the Athletic council are hoping for fair weather and a big crowd tonight when Hobson's men meet Mulberry at Lair field in Pahokee.

Freeholders will do well to study the proposed school bond issues of \$679,000 to be voted on soon. That is a lot of money—but the school board plans to spend it where needed most.

This department suggests to Blue Devil fans that they keep an eye on one certain J. C. Lanier, number 57 on the Stuart football team, when the local lads play the Martin county outfit on the night of Nov. 15. He's the first chap we've ever seen play both ends on a football team.

County Engineer Jake Boyd says his department will spend less than the amount budgeted for the year. That isn't the case as it applies to the general run of county and state offices. But, Engineer Boyd has been on the job a long time and knows where to cut corners when it comes to spending the taxpayers' money.

Private schools in the county showed an increase in enrollment this year. It is no more than we expected. Hundreds of new families have taken residence in the Lake Region since the close of the last school year. The increase keeps the school board and other school officials scratching their heads to find seats room for the youngsters.

**THE NEW JUDGE**

Rumor is floating around that State Attorney General George C. Gibbs will receive the appointment as seventh judge of the supreme court in case the amendment providing for a new judge is approved at the November election.

The amendment will stand a better chance of approval if it is assured that a man of Mr. Gibbs' ability is to get the job. But unfortunately that's counting the chickens before they are hatched, and Governor Cone will have the say-so about who gets the job. He might appoint Mr. Gibbs, but there have been other rumors that he had

another appointment in mind.

Attorneys claim another judge is needed because the court now has six, and many three-splits have occurred. Another good way to eliminate that possibility would be to reduce the number of judges to five, thus giving each circuit one man off the public payroll, and such a procedure is almost unheard of in this day and time.—Florida Advocate.

**FROM THE GERMAN REICH  
AND 17 BATTERY PLACE**

For months we have been getting from two to as many as half a dozen pieces of propaganda from the German Reich, sent out by the German Bureau of Information at 17 Battery Place, New York. As far as we are concerned the disgusting lies contained in this propaganda makes no difference, but it might be that some copies of it get into the hands of persons who do not so readily grasp the "stuff" as we do. It seems to The Southwest Floridian that the Dies Committee or the post office department should start right in and find some way to stop this matter going through the mails. It does not seem right to us to see this matter, which of course is published with the primary purpose of helping stir up feeling in this country against Great Britain, and against our helping Britain, or preparing for our own defense allowed the use of the mails. During the past month we have not only gotten the regular circulars, but two or three good sized books from this outfit. It should not be permitted to deceive the American people as it deceived the peoples of Poland, Norway, Sweden and Belgium, as well as France.

At any rate, Hitler, you may keep the copies you are sending us. We do not want to see the stuff.—Fort Myers Floridian.

**HOW OLD IS 35?**

Statements about the new draft bill continue to speak of age limits 21 to 35 years, though the law itself says in many words "between the ages of 21 and 36." We are now bound to have another fascinating and inconclusive debate in chronology. There was the famous battle about when did the 20th century begin? There is the question of age again over the question whether the year 1940 is the last year in the decade of the thirties or the first year in the forties. Such discussions usually end up by going back to the beginning of the Christian era and leaving everybody in a state of uncertainty about his own name and street address.

But actually there can be no room for a difference of opinion about the draft ages. A person is one year older on his birthday than when he has rounded out a whole year of existence, a year of 365 days, or in leap year 366 days. A person is 25 years old on his 35th birthday when he has rounded out a full year of life. A man lives for 364 days in his 35th year until, one day later, he becomes 35.

Some of the earlier accounts of the draft bill spoke of men "through their 35th year." But a man completes his 35th year on his 35th birthday. Could it have been the idea of Congress that a man fails to reach his 35th birthday before he has rounded out 35 years of life? If so, it is an error. A man born on Oct. 1, 1905, will have completed his 35th year on Oct. 1, 1940. If the new law makes him register just the same it is because the draft law wants men from 21 to 36.—New York Times.

**MRS. SPEER NAMED . . .**

Mr. H. L. Speer was elected president of the Pahokee Baptist Missionary Union at its annual election. Other officers chosen were Mrs. R. S. Douthit and Mrs. C. T. Clements, vice presidents and Miss Elizabeth Caraway, sec-

retary and treasurer.

Members voted to sponsor a miscellaneous shower for the Pahokee Methodist Association to ask the cooperation of the Methodist society of Christian service in the project. Mrs. D. W. Crocker, Mrs. J. C. Mock and Mrs. W. A. Stevens were named to

meet Methodist representatives regarding the shower. Mrs. Speer announced a meeting of the Palm Lakes association at Belle Glade on Sept. 30.

The secret of success in life is for a man to be ready for his opportunity when it comes.

**Club Clears \$18 On  
Game Party Held  
Tuesday Night**

The committee in charge of the entertainment at the Pahokee Woman's club Tuesday night reported an enjoyable evening of entertainment of various games.

FRIDAY, SEPT. 27, 1940

says that the affair cleared \$18 in cash. Those on the committee were: Mrs. A. E. Morgan, Mrs. H. Earl Smith, Mrs. D. W. Cunningham, Mrs. B. J. Barwick, Mrs. H. C. Brooks, Mrs. G. C. and Christine Cochran. Those in attendance report an enjoyable evening of entertainment of various games.

# "I get Double Range Anti-Knock!"

Every motorist knows that there are two important ranges of acceleration where highest anti-knock performance is needed. For example, you need knockless power at 10 to 45 miles per hour for acceleration in traffic and 45 to 90 miles per hour for passing other cars and climbing hills. Some gasolines may give high anti-knock in one range but not in the other. But the new Sinclair H-C combines high anti-knock performance in both ranges.

With the Double-Range anti-knock in H-C you also get other remarkable qualities in performance. You get quick starting—rapid pick-up—smooth power—and long mileage.

Try a complete tankful of the new Double-Range H-C in your car today. Your nearby Sinclair dealer sells it at regular price. You will find it adds to the pleasure of driving and helps reduce motoring expense as well! Ask for the new Sinclair H-C.

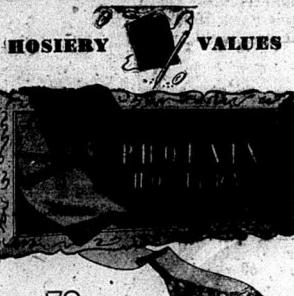

# New SINCLAIR H-C

For performance, no gasoline at regular price is superior to the new Sinclair H-C.

**Here Are a Few Things That Happened  
15 Years Ago In The Glades**

and Were Recorded by The Everglades News

In an effort toward regulating the British monopoly on rubber and to stimulate interest in home production of the product, as sponsored by the American government, the Florida Investment Syndicate, whose members are prominent Washingtonians have acquired more than 20,000 acres of land it is learned, in the Florida Everglades, adjoining the estates of Ford, Edison and Firestone.

J. E. Carter's store, located on Pahokee road, known as the "big store," burned Sunday forenoon, the building and the larger part of the stock being destroyed. Mr. Carter charged that it was a fire incendiary. There are other suggested explanations one of them being that rats ignited matches.

Tom Bowden and Miss Beryl Lovorn were married Saturday at the Methodist church in Okeechobee.

Persons who have insurance business will take note, however, with a government order to succeed George Coleman as state's attorney for the circuit of which Palm Beach county is a part.

L. R. "Jack" Baker has been appointed by Governor Martin to succeed George Coleman as state's attorney for the circuit of which Palm Beach county is a part.

**LIMEROCK SALES  
REACH NEW  
RECORD**

Ocala, Sept. 26.—(FNS)—All records for the sale of Florida limestone were broken last week with a government order for 540,000 tons or 10,600 carloads, for use of the Navy in the construction of bases at Green Cove Springs and Jacksonville.

Local Thrasher engineer director of the Florida Limestone Association, said that the material was being quoted just yesterday at the rate of 75 cars a day.

Limestone will also be used in the construction of roads at Canal Blanding, and an initial order for 150,000 tons was recently placed. Every mine in Marion, Levy and Alachua counties is operating full time and officials report the greatest demand for limerock is breaking all records.

**BITTING PLANS  
SHIP BUILDING  
PLANT**

Pensacola, Sept. 26.—(FNS)—Clarence R. Bitting of New York, president of the United States Sugar corporation, announced here last week that he was considering the possibility of establishing a shipbuilding plant in Pensacola.

Prior to leaving for Cleveland, he stated that many factors were involved and that a decision would not be reached until he and his brother William, who had just studied a report of engineers, had a survey of the now inactive Pensacola Shipbuilding company.
